

HUD BCC-600

Bulk Coin Cabinet

Technical Overview

Secure & Ergonomic Bulk Coin Storage

Easy access bulk coin bag storage on heavy duty roll out shelves. Compressing shelf spacing maximises coin storage in the OH&S compliant coin handling height range.

Construction

- 4 x Heavy Duty shelves at safe coin handling heights
- 1 x Adjustable Height Shelf (non coin storage)
- 100kg load capacity per shelf via heavy duty shelf slides
- Shelf latching system to prevent shelf rolling back when loading
- Double lined Steel Body (3mm external plus 2mm internal)
- 6mm Steel Doors with Safe Door hinges
- Rebated doors into frame – anti-lift
- 3 Way Locking Boltwork

Locking

- 1 x ROSS600 Safe Door Keylocks for dual access control
- 1 x Lagard Digital Swingbolt Lock

Occupational Health & Safety Compliant

Shelf heights designed for the safe lifting of coin bags. Raised shelves ensures that coin always stored at safe lifting heights reducing lift injuries from coin handling.
