

HA-BED DESK

Height Adjustable Business Express Deposit (BED) Desk

Technical Overview

Sit to Stand - Height Adjustable BED Desk for Ergonomic Cash Processing

Ideal for the back office in Banks, Foreign Exchange Outlets, Agencies and Businesses that receive, dispense and process significant volumes of cash.

Heavy Duty commercial height adjustable desk fitted with time delay deposit safe and cash drawers for secure cash storage and processing.

Lifting Capacity of 500kg enables loaded coin drawers and safe to be easily raised or lowered by the push of a button to a safe and ergonomic working height best suited to the operator to ensure safe handling of cash and coin.

Desk can be secured to floor for additional security and anti-tilt protection. Safe and cash drawers fixed internally to desk framework for a secure fixing requiring safe to be open and benchtop removed to unbolt.

Desk comes complete for quick installation and commissioning pre-fitted with :

- Time delay deposit safe and cash drawers
- Monitor arm with thin client bracket
- GPO and Data sockets pre-wired

Locking

Digital Electronic Time delay lock to deposit safe with alarm integration for duress alarm signalling

Additional key operated slam lock to Safe Door

Desk Height Range :

715mm Bottom Setting to 1115mm at Top Setting

Dimensions :

1870mm Long x 830mm Deep
